iOS Developer Profile

Our technical team has a major responsibility: to transform exciting creative ideas and user experiences into solid, high quality, cutting-edge solutions.

This is a full-time position, in our ***new Technical Site*** in Šempeter:
Enkronos d.o.o., Polje 12, 5290 Šempeter pri Gorici.

The successful candidate will be involved in:

Working within and as a team
Producing code in line with industry standards
App design, development, testing and continuous integration processes
Handling the review/publishing AppStore process
Creating documentation for the code and low-to-high level project documentation

Requirements:

Minimum 3 years in iOS development
Decision making and proactive problem solving skills
Experience with TDD and BDD methodologies
Good knowledge of deployment process dynamics
Experience in developing localized apps
Good English

If you want to join our technical team, please send an application with photo and CV in Slovenian and English language until ***30. August 2015.***

You can also contact us at +386 5 5555 550, info@enkronos.com, www.enkronos.com.
